

KG, Light International School

Our Kindergarten level offers much to the young learners. At LIS, we use IEYC (International Early Years Curriculum) along with Jolly Phonic reading program. Our system allows children to learn through holistic enquiry and play-based approaches that cover all curriculum areas including personal, social and emotional development. This ensures a smooth transition into the junior school.

Why we stand out

Early childhood education is a vital part of every child's growth and development. When children receive a robust education in their early years, they're set up to succeed in both academics and future career. At LIS, we give it our best to ensure that it goes on undisturbed.

Admissions

Our Kindergarten admits children from age of 2 years. At LIS, we ensure that children in our care enjoy the very best possible education. It is our constant aim to bring out the best in our pupils, providing a well-rounded experience for every individual. With our extensive resources, we offer no less.

Subjects Taught in Kindergarten

-  Literacy
-  Numeracy
-  Creative
-  Life Skills
-  ICT
-  Phonics
-  Environmental
-  Sports
-  Music
-  Taekwondo

Multicultural Environment

It is vital that we as practitioners consider that children come from varying backgrounds. Therefore, the LIS kindergarten celebrates cultures and diversity within an early setting thus promoting their positive inclusivity and belonging.

Learning Resources & Activities

The quality of education is determined by the availability of resources. We do have extensive learning resources for both indoor and outdoor activities. We also have a minimum student-teacher ratio that ensures each child's individual needs are met. The LIS Kindergarten section is staffed with elite teachers who are very passionate about working with young children. We also have full time nannies to help in smooth running of the section.

Cambridge International School

Why Cambridge?

Cambridge Assessment International Education (CAIE) is the world's largest provider of international education programs and qualifications having been established over 150 years ago. Currently, there are over 10,000 Cambridge schools in more than 160 countries. Therefore, the adoption and implementation of (CAIE) at our Primary school is a well thought out process to affirm a strong academic foundation for posterity. Cambridge International Education, builds global mindedness, creativity and admirable skills that prepare students for lifelong learning.

Why we stand out?

We value academic excellence that focuses on three main educational pillars: knowledge, skill and understanding. Our balanced curriculum in both curricular and extra-curricular activities is unmatched as we offer a rich and diverse menu of events. That is why each student in our school is given room for growing spiritually, morally, socially, emotionally as well as academically. The outstanding blend of IPC and Cambridge International Assessment is a heavenly and established academic journey that we pride in at Light International School, Mombasa.

Why LIS Primary?

Our serene greenwood suburb provides hospitable environment that harnesses the spirit of learning through state-of-the art facilities.

Primary at Light International School

We are a school with unique academic tradition that blends Cambridge Primary and International Primary Curriculum (IPC). Great emphasis is put on thematic approaches to learning that ensure students see the interconnectedness of the subjects they learn.

Our curriculum is enhanced with digital literacy platforms that include Mathletics, Reading Eggs and Spellodrome which develop the 21st century skills. We boast of a dedicated team of professional teachers who embrace modern teaching methods as well as latest innovative technology in teaching and learning.

The Cambridge Primary and IPC curriculum frameworks ensure that our students are grouped in learning blocks that effectively ensure the delivery of British National Curriculum.

We also provide our students with an array of subjects and events that include Digital Literacy, Music, Art and Design, Robotics, World Scholar's Cup, Book week, Science Fair, Olympiad among many other regional and international occasions.

Cambridge Lower Secondary?

Cambridge Lower Secondary also known as key stage 3 or secondary 1 is a level of learning under the Cambridge Curriculum that consists of Year 7, Year 8 and Year 9.

This level, too, consists of subject content, planning and resource guides, guidance for curriculum implementation, development, and support for learning.

We offer the following subjects:

-  Art and Design
-  Life Skills
-  Physics
-  Biology
-  Music
-  Business Studies
-  Chemistry
-  Mind Games
-  Mathematics
-  Literature
-  Physical Education
-  Turkish
-  Economics
-  Global Perspectives
-  French
-  Geography
-  English
-  History
-  ICT

As a program developed with consistent standards that are externally benchmarked across thousands of students, it enables reliable structured reporting to parents about performance of their children which has validity beyond the school. It also allows the school to ensure that students are adequately prepared for the demands of the IGCSE courses in these subjects. The evidence will demonstrate what you have learned and will be looked at during moderation by your assessors.

Our year 9 students sit for Cambridge Checkpoint examination in April and the results published in June. The following subject areas are examined:

- > English
- > Mathematics
- > Science

They are also assessed internally on a regular basis through a range of different methods including tests, coursework, teacher observation just like year 7 & 8.

What is Cambridge IGCSE?

The International General Certificate of secondary Education (IGCSE) is an English language curriculum offered to students to prepare them for International Baccalaureate, A level and BTEC Level 3 (which is recommended for higher-tier students).

Why IGCSE?

The Cambridge IGCSE curriculum offers a variety of routes for learners with a wide range of abilities, including those whose first language is not English. Nearly a million students in 10,000 schools in over 160 countries prepare for the future with IGCSE qualifications.

The curriculum sets a global standard for education, with programs that stretch, challenge and inspire students. Cambridge students can be confident that their qualifications will be valued by universities and employers across the world.

Tuition Discounts

LIS offers tuition fee discounts for students who do well in their Cambridge IGCSE examinations. When applying, attach your results to the application form. The Cambridge Pathway prepares students for life – helping them develop an informed curiosity and lasting passion for learning. It enables them to get ready to tackle the demands of tomorrow's world, capable of shaping a better world for the future.

Cambridge curriculum develops learners who are:

- > Confident in working with information and ideas – their own and those of others.
- > Responsible for themselves, responsive to and respectful of others.
- > Reflective as learners, it helps by developing their ability to learn and apply what they learn.
- > Innovative and equipped for new and future challenges of the global environment.
- > Engaged intellectually and socially ready to make a difference in the society.

Career Counseling and Testing

LIS give a psychometric test to every learner upon admission with an aim of identifying learner's ability, interest and passion. With the results of the career test, we have a dedicated office that offers guidance and advice on the subjects that one needs to take in order to achieve his/her desired career dream.
