OPEN day meeting

Open-day meeting was held this term, it was an opportunity for parents, teachers, and students to have one-on-one meetings to discuss their child's academic progress.

Hell's Kitchen Trip

Our upper primary students went on a trip to Hell's Kitchen and were able to learn about geography and land shapes, as well as the history of the area. It was a great opportunity for them to experience learning outside of the classroom and see the world in a new light.

FOOD BAZAAR

Light International School Malindi recently organized a food bazaar to raise funds for the children affected by the Shakahola massacre. The bazaar was a great success, and it raised a significant amount of money.

The bazaar was held at the school's grounds. There were a variety of food items sold.

The students, parents, and staff of Light International School were very supportive of the bazaar. They came out in large numbers to buy food and donate. The school is very grateful for the support of the community.

We thank you for your support of the Light International School Malindi Food Bazaar. Your donation will make a difference in the lives of the children affected by the Shakahola massacre.

2023 Kindergarten Graduation

SECONDARY SCHOOL GRADUATION

Our year 12 class of 2023 graduation ceremony was held. It was a momentous occasion as they bid farewell to their high school years and embarked on a new chapter in their lives. We are extremely proud of their accomplishments and wish them all the best in their future endeavors.

YEAR 6 GRADUATION DINNER

EMBRACING MILESTONES

We celebrated the Year 6 graduation with a special dinner. We are incredibly proud of our Year 6 students for their outstanding performance in their checkpoint exams. They put in a lot of hard work and dedication, and their achievements are a testament to their commitment to excellence.

SPORTS

Our First football tournament hosted at Light international School Malindi

On Saturday 27th May our school hosted a football competition for under 9 boys and girls. The competition was held on our school premises and involved teams from neighboring schools.

The event was a great success, with all teams displaying excellent sportsmanship and skill on the field. Our girls' team won the trophy while the boys lost to smart ways.

FOOTBALL

Year 3 trip to Eco world

The year 3 students at our school recently embarked on a trip to explore the concept of recycling, reusing, and reducing. The trip was organized by the school's environmental club, and it was a great opportunity for the students to learn about the importance of these three Rs for the environment.

The students first learned about the three Rs in a classroom presentation. They discussed how reducing the amount of waste we produce is the most important step, followed by reusing items whenever possible, and finally recycling materials that cannot be reused.

The students then went on a tour of a recycling plant, where they saw how different types of waste materials are sorted and separated. They learned that some materials, such as paper, plastic, and metal, can be recycled easily, while others, such as glass and electronics, require more specialized recycling processes.

Stem Fair

We organized Labor Dress Day where our students showcased their future professional aspirations through their outfits. A wide range of professions was represented from beekeepers, doctors, nurses, athletes, teachers, lawyers and many more.

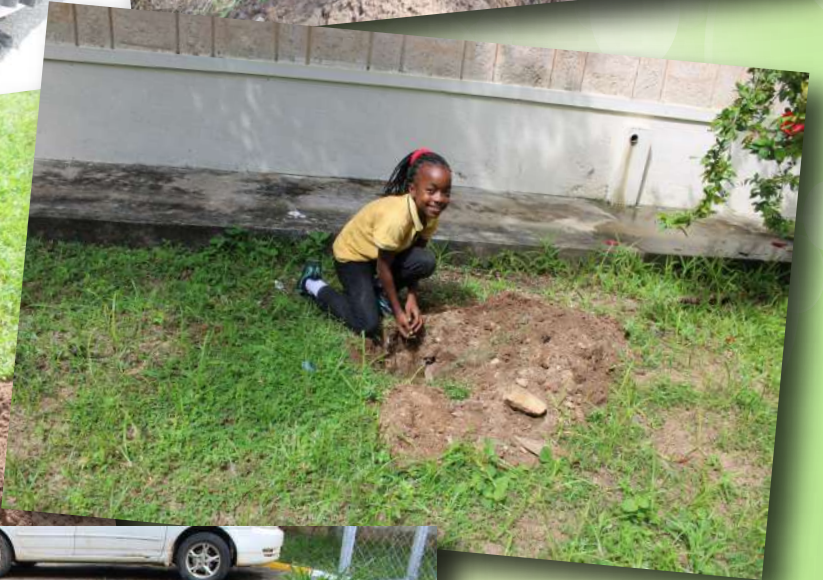

KG FUN DAY ACTIVITIES

Primary tree planting activity.

In an effort to instill a love for nature, a tree-planting activity was organized for our primary students. This hands-on experience allowed them to connect with nature and understand the importance of environmental conservation. We believe in nurturing responsible citizens who care for the world around them, and this activity was a step towards achieving that goal.

Taekwondo

Several members of our Taekwondo club have successfully graduated to the yellow belt level this term. They have worked tirelessly to improve their skills and have been awarded certificates from the Kilifi Taekwondo Association. This is a great achievement and we applaud their dedication and commitment to the sport. They were also presented with yellow belts, symbolizing their progress and growth in Taekwondo.

Reading Sessions

Year 2 and 3 parents were invited to join their children for their morning reading time. This session provided the opportunity for parents to engage in reading activities with the students, it was a wonderful way to promote a love for reading and improve literacy skills.
