WORLD SCHOLAR'S CUP 2023!

MOMBASA ROUND

The first round of world scholars held in Mombasa, our students won silver and gold medals and trophies.

The World Scholar's Cup is an international academic program that challenges students to explore various subjects and themes through four exciting events: Scholar's Bowl, Collaborative Writing, Scholar's Challenge, and Team Debate. The program aims to inspire a global community of future scholars and leaders.

One of the regional rounds of the World Scholar's Cup took place in Mombasa, Kenya, on March 18-19, 2023. The theme of the round was "Reconstructing the Past", and the subjects included history, science, literature, art, social studies, and a special area of unsolved mysteries. More than 200 students from different schools participated in the round, showcasing their knowledge, skills, and creativity.

We are very proud of our students for their outstanding performance in the Mombasa round of the World Scholar's Cup. We congratulate them for their hard work and dedication, and we wish them all the best for their future endeavors.

Kindergarten planting activity

Our KG children created a garden at the back of the premises and planted spinach. This is a wonderful opportunity for our students to learn about nature and the environment, and the importance of healthy eating. Spinach is a leafy green vegetable that is rich in iron, vitamin C, and antioxidants. It can be eaten raw or cooked, and it has many health benefits. Our students learned how to prepare the soil, sow the seeds, water the plants, and harvest the spinach. They also learned about the life cycle of plants, and how they need sunlight, water, and nutrients to grow. They were very excited to see their spinach plants grow from tiny seeds to big leaves. They also enjoyed tasting their own produce, and making delicious salads and smoothies with spinach. This planting activity was not only fun, but also educational and nutritious for our KG children.

**Plant a seed,
grow a future.**

*Vegetables are not
only good for your health,
but also for the
environment
and
the community.*

ART Exhibition

The school community celebrated its 20th annual art exhibition this week, showcasing the talents and creativity of students from different grades. The exhibition featured a variety of paintings, from portraits to abstract landscapes, reflecting the diverse perspectives and styles of the young artists. The paintings were displayed in the school hall, where visitors could admire the works and interact with the students. The exhibition was a great success, as it demonstrated the high quality of art education and the passion for artistic expression among the students.

PARENTS-STUDENTS PAINTING DAY

A parent-student painting day was held at our school last week. The event aimed to foster creativity and bonding between the children and their families. The painting day involved painting on canvas with acrylic paints. The participants were free to choose their own themes and styles. The school principal praised the initiative and said that it was a great way to showcase the artistic talents of the students and their parents.

FOOD BAZAAR

The school community came together to help the victims of the earthquake in Turkey by holding a food bazaar last week. The event was a success, as parents and staff brought a variety of dishes that were sold to the students and visitors. The food bazaar raised a significant amount of money that was donated to a relief organization working in the affected areas. The school would like to thank all the parents and staff who participated in this initiative and showed their generosity and solidarity with those in need.

KINDERGARTEN T-SHIRT PAINTING

KG T-shirt Painting Day for parents and all kindergarten students was a success! The event was an opportunity for the children to be creative and express themselves through art. They worked together and each created a one-of-a-kind design. The end result was a room full of colorful shirts and happy kids.

VISIT TO ORPHANAGES

Primary students visited the orphanages among the orphanages visited the term was Lea Mwana orphanage and Heart children's home, this was a way to encourage our students to bond and learn from the less fortunate ones in the society they were able to donate some money food, and clothes.

TRIP TO HELL'S KITCHEN

Our year 4, 5 and 6 visited hell's kitchen this term. The trip was both fun and educational.

Cultural Fair

Celebrating character diversity, tolerance and respect

On 11th March our school held a culture day celebration. This was attended by nearly 700 people which included the media.

This was a great way to showcase our cultural diversity and to celebrate the differences that make us unique.

A total of 12 cultures participated, these were Somalia, France, Nigeria, Italy, Kazakhstan, Brazil, Spain, Kenya, India, Jamaica, Yemen, and South Korea.

It was a great success the winners included

1. Somalia - best tent
2. Italy - Dance
3. Kazakhstan - food
4. India - best costume

REFLECTION MEETING A Successful Initiative To Enhance Student Learning

One of the goals of our school is to foster a strong partnership between parents and teachers in order to support the academic achievement of our students. That is why we organized a reflection meeting for all classes from primary to year 12 during the opening week of the term.

The reflection meeting was an opportunity for parents to meet with all the teachers and coordinators who work with their children and to receive detailed feedback on their academic progress. The teachers shared the strengths and weaknesses of each student, as well as the areas they need to improve on. They also discussed the strategies and resources that they use to help the students reach their full potential. The parents were able to ask questions, share their concerns and expectations, and provide suggestions for improvement. The reflection meeting was a valuable experience for both parents and teachers, as it helped them to establish a common understanding of the learning goals and challenges of each student. It also strengthened the communication and collaboration between home and school, which are essential for creating a positive and supportive learning environment. We thank all the parents who participated in the reflection meeting and we look forward to continuing this fruitful dialogue throughout the year.
