

WEEKLY GAZETTE

MARCH 25, 2025

REPORT ON YEAR 6 MOCK EXAMS

The Year 6 students at Light International Primary School successfully completed their mock examinations between **17th and 19th March 2025**. These exams were conducted to assess students' preparedness for their upcoming final examinations. The exams took place in the dining hall under maximum supervision, ensuring a fair and conducive environment for all students.

We appreciate the commitment of our students and staff in ensuring a successful mock exam period and look forward to continued academic excellence in the upcoming assessments.

The marking process is currently in progress, and feedback will be provided to both parents and students in due course. Parents are encouraged to follow up with subject teachers regarding their children's performance to offer the necessary support and guidance.

REPORT ON CLEANLINESS CHALLENGE AWARD

2025

CLEANLINESS CHALLENGE AWARD

It was a special moment for the **KS2 Year 5B** when it was announced that they had led as the best clean and organized for the **February Edition 2025**. They couldn't hide their excitement. This announcement was followed by a pizza party as a reward for standing out in KS 2.

On their behalf and the disciplinary committee I want to sincerely thank the school administration for awarding their resilience, hard work and determination.

PIZZA PARTY

SCIENCE FAIR

2025

The **Annual Science Fair** at Light International School Primary was held successfully on **March 21, 2025**. This event, a highlight of the school calendar, aims to enhance students' creativity, scientific inquiry, confidence, resilience, and presentation skills.

Event Highlights:

Participants and Projects:

- This year's fair featured 40 innovative projects created by students in collaboration with their science teachers. **Key Stage 2 (KS2)** presented 18 projects, while **Key Stage 3 (KS3)** showcased 20. Invited guests from Nairobi Jaffrey Academy also attended, adding to the event's vibrancy.

Judging:

- The projects were evaluated by a panel of experienced science teachers, ensuring a fair and rigorous assessment of each project.

Achievements:

- The event demonstrated improved quality and mastery of scientific concepts by students, reflecting their dedication and collaborative efforts.

Award-Winning Projects:

KS3 Best 3 projects

- Gold: Dancing Sounds by Berrin, Salma, Zeynep, and Shen
- Silver: The Excretory System by Maria, Meyra, Shifana, Saada, and Malaika
- Bronze: The Rocket Launcher by Ethan, Salman, Jacob, Zion, and Yasir

Honourable Mentions:

- DNA Fingerprinting by Muna, Mumtaz, Meytha, Rakhia, and Idil
- The Robo Car by Keenan, Mahir, Ayaalon, and Saed
- Microorganisms in Pandemics by Aisha, Umeima, and Tayana

KS2 Best 3 projects

- Gold: Hydrogel Face Mask by Gianna, Solaina, and Nadia
- Silver: Vinegar Rocket by Omar Faruk, Maryam Kadir, Ethan Maina, and Arafat Ahmed
- Bronze: Factors Affecting Rusting by Amara, Asma, Hatice, and Mohra

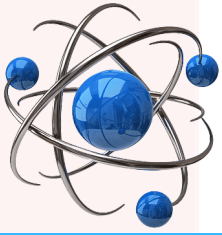

Honourable Mentions:

- Light Travels in a Straight Line by Adam, Mohammed Hassan, Yusuf Khadar, and Yusuf Mohamed
- Dry Ice Soap Bubbles by Gracia, Liam Kamau, Abdulmalik, and Asma Ali
- Making wind work for you-Salim Ali, Rayyan Sharma, Ethan Mwangi and Talent

Conclusion:

The 2025 Science Fair was a resounding success, showcasing the exceptional talent, creativity, and teamwork of Light International School students, teaching and non-teaching staff and parents as well. This event continues to be an integral platform for nurturing young scientific minds, fostering innovation, and building essential life skills.

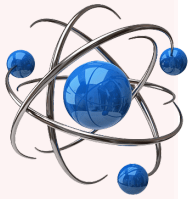

We look forward to the next Science Fair and anticipate even greater accomplishments in the years to come.
